

Current Class Openings

Updated 9/7/2020

Here are the current class openings available at EK9 Agility.

Each class is listed by day. Classes that list a number indicate spots available, and classes that are new or start date will start on that date. You should be able to click on the class link and go directly to the sign-up page on sign-up genius.

If you are interested in any of my full classes or a private lesson, please sign up for the [WAITLIST](#). I teach in Hillsboro, OR on Monday, Wednesday and Thursday and offer all levels of classes. I also teach in Woodburn on Tuesday and Saturday with limited classes. When I get a rare opening in class, I pull from my waitlist first.

Agility FUNDation classes (\$125/5 weeks): Here's where you start, and when finished you will be able to sequence 7-10 obstacles and have a basic understanding of most equipment. Class will be repeated 4-5 times before team is ready for Agility 201.

Agility 201 Classes (\$110/5 weeks) are for teams that have completed the Ag FUNDation classes (or a similar foundation program) and can sequence 7-10 obstacles and understand most (if not all) equipment.

Agility 301 Classes (\$110/5 weeks) are for teams that have a solid mastery of all Agility equipment and are ready to or currently competing at the Novice/Level 1-3/Starters level and above.

Agility 401 Classes (\$110/5 weeks) are for teams that are competing (or have the skills necessary to compete) at the Excellent/Masters/Level 4/5 level.

Agility 501 Classes (\$110/5 weeks) are for teams interested in more challenges than offered at the highest levels. Here the emphasis is more international and challenging course work.

Skills & Drills Classes (\$110/5 weeks) are about short drills instead of longer course work. The class is ongoing, but you can certainly jump into a class for one day or one session as well take multiple sessions.

Toolbox Classes (\$110/5 weeks to \$176/8 weeks) :These classes are available to teams who are looking for supplemental instruction on a variety of subjects. These classes will cover a single subject each session, such as Running Contacts or Rear Crosses or Weave Poles, etc.
